

Puzzle of the Week

Date: _____

Worked on by: _____

Working together to solve a puzzle can be fun, not to mention helpful. To give credit where credit is due, list all the people who worked together on this puzzle. (They could be friends, classmates, and/or family members.) Please include last names and division numbers (for students).

Water Buckets

With water from a hose, what amounts of water can you measure exactly using only a 5 litre bucket and a 3 litre bucket?

How could you make exactly 4 litres?
