

Puzzle of the Week

Date: _____

Worked on by: _____

Working together to solve a puzzle can be fun, not to mention helpful. To give credit where credit is due, list all the people who worked together on this puzzle. (They could be friends, classmates, and/or family members.) Please include last names and division numbers (for students).

I have some pencils and some jars. If I put ...

- 4 pencils in each jar, I have one jar left
- 3 pencils in each jar, I have one pencil left

Show your work!

How many pencils and jars to I have?
