

Puzzle of the Week

Date: _____

Worked on by: _____

Working together to solve a puzzle can be fun, not to mention helpful. To give credit where credit is due, list all the people who worked together on this puzzle. (They could be friends, classmates, and/or family members.) Please include last names and division numbers (for students).

Each row or column adds to 100.

Show your work!

What could go in the empty boxes?

Could you make all the grey boxes the same number?
