

School Goal

Our community will explore the concept of interconnectedness as it relates to personal growth through social, emotional, and academic resiliency.

“First People’s Principals of Learning” Connections

Learning ultimately supports the well-being of the self, the family, the community, the land, the spirits, and the ancestors.

Learning involves generational roles and responsibilities.

Learning takes patience and time.

Big Ideas

- We are connected to others through place and time.
- We work together to support and enhance the diverse processes of learning.
- We seek to engage in inquiry that is embedded, interconnected and intentional.
