

**CARSON GRAHAM  
SECONDARY**

**Carson Graham Extended Field Trips (Out-of-Province and Country)**

At Carson Graham, we recognize the value of field trips and travel and appreciate the acquisition of learning outcomes can be enhanced through activities beyond the classroom. We support these field trips as an extension of the school based environment for students in both curricular and extra-curricular activities, disciplines and programmes. We also recognize that extended time away from classes can disrupt the learning outcomes of other courses and/or programmes not involved in the travel. Hence, every attempt will be made to minimize the impact of those courses and/or programmes in the organization, planning and communication of these field trips.

Organizational procedures and guidelines have been developed to clarify the required processes for field trips ([District Policy 207](#)) and minimize financial and calendar conflicts between the various organizational groups. At Carson Graham, we have a number of fantastic field trip opportunities and want to ensure we provide a balanced opportunity for our students. Advance notice is paramount and groups will adhere to a one year advance timeline from the development of the proposal to the date of departure. Exceptional circumstances that do not adhere to a one year advance timeline may be considered by the principal and any group(s) that would be impacted. Our current schedule can be found on our website and will be updated regularly. [Click here for current schedule.](#)
