

OPEN HOUSE #1

Mahon Park Artificial Turf Sports Field

As a result of the high demand for all-weather sports fields, the City is proposing a new Artificial Turf Field in Mahon Park.

The two potential locations the City has identified are Fen Burdett Stadium and Kinsmen Grass South. At the Open House we will share background information and conceptual plans for each of the sites, and will be present to discuss the various opportunities for both locations.

Please join us at our first open house to contribute to the discussion on the location of this exciting new amenity for the City!
