- Appointments will be in sequences of 8 minutes per sign up. Each grad will have 16 minutes with our photographers if they do both the optional casual and the required traditional photos!

Please arrive 15 minutes prior to your appointment time to prepare for your sitting. Late students will need to re-schedule.

Each student's session will begin with the optional casual photographs and will end with the traditional graduation photographs.

The optional casual photographs will feature a variety of high key photographs shot on our white cove. Photographs on our black background will utilize various props producing dramatic images with creative lighting. Within this set of photographs we will do a variety of full-length and close-up images. Please wear just one favorite outfit whether it is formal clothes or funky duds – whatever best reflects your personality! The point is to have fun!

The traditional photographs will feature a variety of images including the yearbook/composite photographs, with the graduation cap, (roses for the girls) and related props. These photographs will incorporate several backgrounds including our solid wood bookcase filled with real books.

Each student will receive their proofs by mail approximately three weeks after their photography sitting.

One last thing; please bring us if possible 1 e-mail address and your accurate home mailing address!

Thank you
