

International Walk to School Week

October 3-7, 2016

Students Ride Buses for Free!

Students around the world will be walking and wheeling to school October 3-7, 2016, as part of iWalk (International Walk to School Week). DASH BC presents the 9th annual Walk and Wheel to School Week from October 3 - 7, 2016. This week-long provincial event is a part of [International Walk to School Month \(iWalk\)](#). This campaign encourages students, parents, staff and community members to celebrate the many benefits of walking and wheeling to school.

In recognition of this event, elementary and high school students are invited to ride all TransLink buses for free during that time.

Did you know...

- two out of three Canadian kids are not getting enough exercise each day
- active school travel can increase a student's ability to concentrate
- both walking and taking transit promote good health and independence, while keeping greenhouse gases to a minimum

Please [fill out the form here](#) if you're organizing bus trips or are encouraging students to take the bus to and from school.

NOTE: Free trips are offered on bus travel only. SkyTrain, SeaBus and West Coast Express travel is not included.
