

PALS NEWSLETTER – Week of April 2, 2023

Welcome back! We hope everyone enjoyed their Spring Break.

What is PALS working on these days?

PALS plays a critical role in the school's emergency preparedness. **We fund all of the school's emergency supplies** from classroom emergency contents, to emergency water, blankets, safety equipment to the outdoor shipping container which houses these items and much more.

For a complete list of the items PALS is responsible for, click here: [PAC Emergency Preparedness Information](#)

PALS is in the process of reviewing and updating these supplies. In addition, the outdoor shipping container needs to be replaced.

A rough estimate for these important updates is about \$10,000.

This is where you come in!

Please help PALS raise funds for these vital supplies by participating in the following fundraisers:

Growing Smiles - Spring Plant Fundraiser

The upcoming Larsonpalooza!

PALS is excited to announce that the Spring Plant Fundraiser is now open! We are selling beautiful plants, soil and fertilizer.

All funds raised will support the purchase of these emergency preparedness supplies.
