

Your child and the internet

What are they doing online and how to keep them safe

During this session, you will...

1

Explore the games children are playing

2

Discuss the apps the children are using

3

Learn about the parental controls on games and apps

Roblox

What the
children
are saying
to us...

When they see
inappropriate content,
they don't tell their
parents because they
are worried their device
(or access to the game)
will be taken away.

What the
children
are saying
to us...

Most of the children
don't think parents
know about, or can use
the parental settings

bark 

ROBLOX PARENTAL CONTROLS

A step-by-step guide to setting up
Roblox parental controls.

What is Tik Tok?

[What Is TikTok? - YouTube](#)

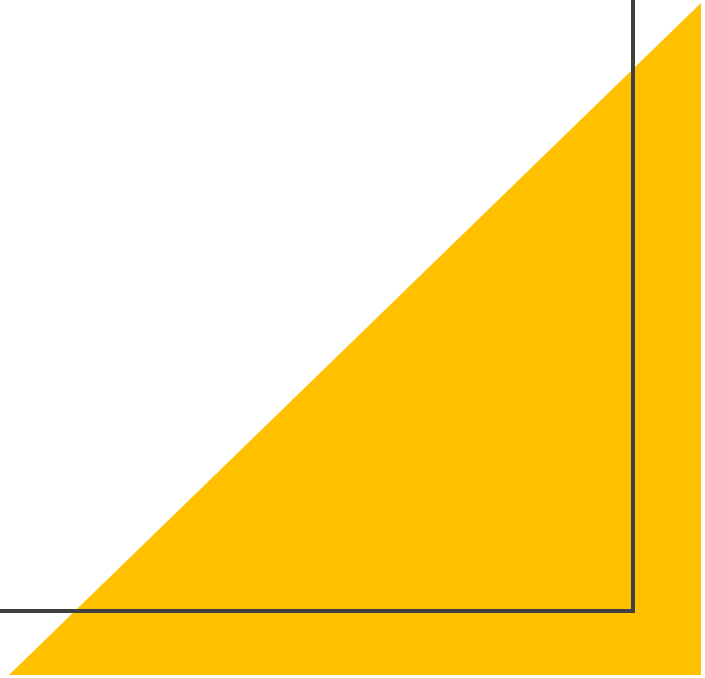

What the
children
are saying
to us...

TikTok live is so much
fun, you never know
what you're going to
see.

What the
children
are saying
to us...

You can learn so much
from TikTok

IN REAL LIFE (IRL)

Good kids can still make bad choices

How to answer their questions

Oh, I don't know that game, let me have a look and we'll chat about it later

Let's have a look at common sense media and see what they have to say about the website/game/app

Key takeaways

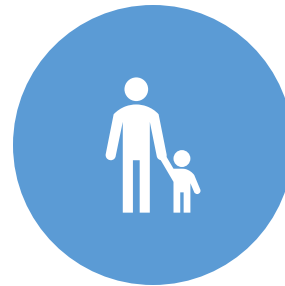

Take an interest in what they are doing online

Ask who they are communicating with – do they know them IRL?

Don't judge them – keep an open dialogue

Go through privacy settings for all games and apps your child uses
