

WEE CREATIVE CO

small projects | young minds | creating together

**Melting Monsters!
Lego Adventures!
Battles in Space!**

Imagination

We love to:

- teach visual storytelling
- create on-screen magic
- foster the imagination

Collaboration

Students work together to:

- tell stories
- draw storyboards
- design sets
- produce videos
- create titles
- design soundscapes

View the Work

Completed videos are uploaded to:

"I love this class. I can't wait until next week."

Student, Grade 4

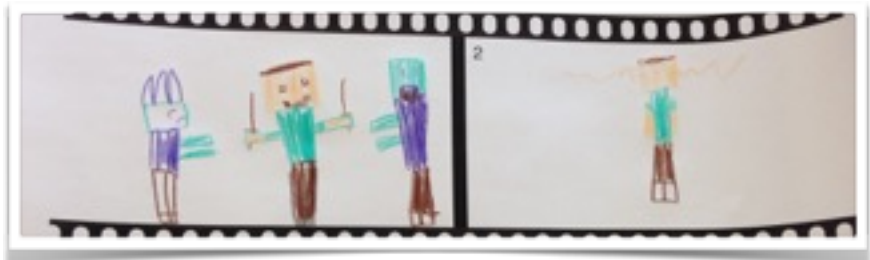

Let's make movies!

A fun after school program

Over the course of 8 weeks, students work in small groups and learn animation and video basics.

Using *Wee Creative Co's* materials and iPads, students experience the magic of stop motion videos as their ideas come to life!

Schedule & Cost

- Dates: April 19 - June 7, 2016
- Tuesdays, 3:15 - 4:15 pm
- Location: LAC Room
- 15 spots, Grades 1 - 7
- Registration fee: \$126/student

Register online:

www.weecreative.com

Refund Policy:

1. Full refunds will be given for any program cancelled by *Wee Creative Co.*
2. Full refunds will be given for program withdrawals made 7 or more days prior to the start date of the program.
3. Refund requests made less than 7 days prior to the program start date and before the date of the 2nd session, will be charged for one session. No refunds or credits for programs after the start of the 2nd class.

What is Stop Motion?

Stop motion is an animation technique to make a physically manipulated object or persona to appear to move on its own. The object is moved in small increments between individually photographed frames, creating the illusion of movement when the series of frames is played in a continuous sequence.

(From Wikipedia definition: stop motion)

"I loved it so much. It was so cool with the best stuff. "

Student, Grade 3
