

Advanced Choir

Choral Music: Concert Choir 11

Choral Music: Concert Choir 12

Course Code: (MCMCC11-01)

Course Code: (MCMCC12-01)

Students who would like to experience a wide range of choral/vocal ensembles and work on their individual technique will take Advanced Choir. This course will be something different every term. Term 1 will focus on Treble and Tenor-Bass voice ensembles; Term 2 will be small acappella groups and solo work (culminating in a coffeehouse event); and Term 3 will be all voices together, focusing on dynamic and vibrant choral music that incorporates a variety of musical elements like added instrumentation, body percussion, and experimentation with electronics. Students in this ensemble will also be invited to go on a trip to see a different concert each term (ex. Vancouver Youth Choir, Gracenote, or Chor Leoni).
