

Music 9 Vocal Jazz

Intermediate Vocal Jazz

Course Code: MMU-09-VJ

Students who want to explore the world of vocal jazz would enjoy learning the fundamentals in Intermediate Vocal Jazz. This ensemble performs a wide range of contemporary vocal jazz and pop, both a cappella and with rhythm section. In vocal jazz we experiment with different styles of singing, technique, and improvisation and we sing with a full sound system. Intermediate Vocal Jazz has two major performances in a year - Feb Blues and Cabaret in the Cove - but this ensemble also sometimes sings at the Winter concert.
