

Woodwork 10

Course Code: MWWK-10

Woodworking 10 expands upon concepts and skills introduced in woodworking 9 with the addition of a design component. Students learn to use power and hand tools to build finely crafted projects, through demonstrations, theory, and hands-on experience, with a strong emphasis on safety. Students learn a variety of cutting, shaping and joining techniques in the production of tile-mosaic tables, cutting-boards, bowls, jewelry boxes and other projects. As well as practical skills, students learn transferable life-skills such as the design process, problem solving, work ethic and perseverance.

There are no pre-requisites for this course.

Supplemental fees help to cover the cost of wood and other materials for take home projects.

Supplemental Fee: \$50
