Lori Goldberg

July 10 to 15, 2016 • Ages 8 - 12

Young artists ages 8-12 will explore their surroundings with Lori Goldberg and practice visually recording their experience as semi-abstract works of art. Students will experiment in a variety of mediums including drawing, watercolour, acrylic painting, and printmaking throughout the week. Teachers will emphasize individual skill development, artistic style, achieving success and... having fun! An over-riding theme of working with the Paradise Valley environment and its inhabitants will be a central part of all activities. Daily recreation programs will feature canoeing, cave exploration, hiking, archery and outdoor challenge games. Visits by guest artists will add additional inspiration and excitement to the week.

Lori Goldberg

Lori was born in and resides in Vancouver. She attended Langara College Fine Arts, the Ontario College of Art, and the Emily Carr University of Art and Design. Lori has been a recipient of many art awards including a Canada Council Grant and the Tony Onley Artist's Project Scholarship. Selective exhibitions include the Justine Barnike Gallery in the University of Toronto; the Contemporary Art Gallery, Vancouver; and the KX Kunst Auf Kampfnagel Gallery, Hamburg.

Damian Moppett

July 12 to 17, 2016 • Ages 13 - 18

Talented artists ages 13-18 will explore the architecture of sculpture and space with Damian Moppett and how post creation these elements can be recorded as paintings and drawings. Students will be encouraged to observe the intricate details of their surroundings from sounds to textures and then be challenged with exploring the visual expression of these observations. Students work in small studio groups guided in their production of contemporary art works by a team of art specialist teachers. This week long studio program is well balanced with outdoor recreation and open studio time. All students are encouraged to develop a body of work throughout the week that can be added to their personal portfolio.

Damian Moppett

Utilizing multiple mediums including photography, sculpture, drawing, painting and video, Damian Moppett's conceptual and studio-based practice explores our relationship to art history both distant and recent. In a way art history is, for Moppett, itself a rich medium in which to work. Damian Moppett graduated from the Emily Carr College of Art and Design in 1992 and received his MFA from Concordia University in 1995. He has exhibited widely, including at the Contemporary Art Gallery, the National Gallery of Canada, Witte de With and the Rennie Collection at Wing Sang.
