

Dear Parents and Guardians,

Children with speech problems (articulation or phonological) benefit immensely from regular home practice in order to help the new motor/muscle skills they are acquiring become automatic.

If you have ever asked yourself any of the following questions

- *"My son can imitate the sound so why doesn't he just use it?"*
- *"Isn't having help at school enough?"*
- *"What can we do to make practice time more interesting?"*
- *"With her academic homework and other activities, how can we fit in one more thing?"*

.....then this is the workshop for you!

If you would like background information about the challenges of speech development plus wish to try out some new ideas and techniques to make helping your child both more enjoyable and effective, we invite you to attend:

"Sounds Good"

A Practical Workshop for Parents Helping
Their Child Use New Speech Sounds

Offered by SD#44 Speech Language Pathologists, Phyllis Ferguson and Nicky Braund

Out of respect for parents' busy schedules, the same workshop is being offered at two locations on two different days of the week

Tuesday, Jan 12th
Lynnmour School

800 Forsman Ave

7:45pm

Monday, Feb. 15th
Westview School

641 17th St. W.

7:45pm

Please register for either of these free workshops by calling (604) 903-3590 or by e-mailing pferguson@sd44.ca to leave your name and contact information. Please feel free to invite others such as your child's grandparents and caregivers or the parents of pre-school children for whom this might be of interest.

Important: If fewer than six people have registered for a particular event by noon of the previous day, that one will be cancelled. In the event of cancellation, all who have registered will be contacted.

Sincerely,
Barbara Leigh
